- Lasts three to five times longer than traditional self-inking stamps
- Outstanding impression quality
- Can be re-inked indefinitely
- Nine sizes to choose from
- Extremely smooth & quiet operation
- Six of the PSI self-inking stamps have die boxes that interchange with Slim Stamps
- For an even longer lasting stamp, see our XL stamps on pages 2-4

## 6000 Series

### Metal Self-Inking Die Plate Daters

The 6000 Series self-inking die plate daters work and feel as great as they look. Just one impression and you will appreciate the ergonomic handle and heavy duty construction.

The 6000 Series self-inking die plate daters feature a heavy duty frame and precision components for a smooth, quiet action and many years of trouble-free operation. Deep molded bands provide clean, sharp stamp impressions. Oversized band adjustment wheels prevent your fingers from contacting the date bands and make date adjustment easy. The 6000 Series stamps are an excellent choice for your high volume stamping needs.

The 6000 Series metal stamps are also available in these sizes without the date field

Bulldog Swivel

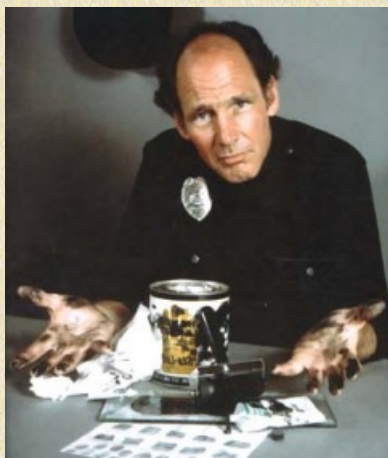

**Convenient** Simply mail or email us your photo and/or company logo and we design your badges according to your specifications.

**Flexible** We can produce one or one thousand ID badges at your request and within your time frame.

**Cost Effective** Perfect for smaller businesses, schools and courthouses since there is no printer hardware to purchase or maintain. Purchase your ID badges either one at a time or by the 1000's - whichever serves your budget needs.

**Have  
You Had  
Enough of  
This?  
Then...**

***Turn the dirtiest job in the office  
into one of the cleanest with  
EZ - ID Fingerprinting Systems.***

- Accepted for classification search and retention
- Permanent prints in three simple steps
- No mess or clean up
- No special equipment
- No aerosol spray
- No rollers or ink tubes
- No need for electricity

Fingerprinting Black Ink Pad System that makes it easier than ever before to obtain permanent, clear fingerprints that are acceptable to the FBI for classification, search and retention. And, as you soon come to realize, this fingerprinting system will reflect considerable savings over your present method.

Take a moment to compare, side by side, your present fingerprinting method against the EZ-ID Fingerprinting Systems. Note the ease of obtaining a fingerprint, the clarity of the impression and the instant drying time. We are certain you will agree that the EZ-ID methods produce sharper, non-smear prints that will lower your rejection rate, as well as your costs.
